- Black, Gold and Silver finishes
- Padded gig bag/back pack

Comes with padded gig bag/back pack and a 7C Silver plated brass mouthpiece.

Authentic

pTrumpet hyTech is a truly authentic Bb instrument that builds on the lightweight, robust, durable and affordable features of pTrumpet. Responsive and free blowing; the sound exceeds expectations.

Innovative

This patented hybrid design includes stainless steel-lined pistons, brass and polymer hybrid valve block, lead pipe and a silver-plated metal mouthpiece. The innovative design creates a free-blowing, open feel and traditional trumpet sound.

Accessible and Affordable

Amazingly light at just 1.4 lbs, the hyTech aids great technique and encourages good posture in younger players or for those who find a traditional trumpet simply too heavy. Its robust design makes it perfect for any performance activity – in fact it's easy to take it everywhere! Despite its high quality performance features, the surprising price enables everyone to enjoy a high quality trumpet for a fraction of the cost, a perfect addition to any band.

Mouthpiece and Case

The hyTech includes a 7C Silver plated brass mouthpiece and is compatible with any standard trumpet mouthpiece. The instrument is standard in a quality compact and sturdy padded gig bag/back pack. Fits in a locker, on the bus, and anywhere you want to go.

Adjustable Tuning Slides

The main, first and third valve tuning slides are all adjustable with a convenient finger ring on the 3rd valve slide.

BioCote Protection

Incorporates patented anti-microbial technology from BioCote, which provides the highest standards of protection.
